

the let
GO.

Well, what I received was much more than a foot wash, it was ~~not~~ a foot wash but it cleaned my feet from where I came from mentally. It allowed me to express how I've been trapped in my mind & this entrapment was brought by not letting myself forgive. But with washed feet I am ready to walk this earth with a new love for myself & my feet.

Thank you, Love you,
-Bobby

Today I was brought forth
from the shadows & once I
danced in and away from.
Your prayers, blessings and healings
have liberated my every wish and
prayer from a deep seemingly un-heard
desire into a fruition of ~~my~~ execution
into manifestation with provisions
and freedom from the disease
& disorder and disorientation of
mind are dissolved into Divine Light!
I feel better than ever and I
am eternally grateful! I love
you all with all of my heart!

After many years of introspective thought and investigation, I find myself to be approaching a new awakening of my own consciousness. It's a journey whose path opens up to new directions and illuminates the beauty of those whom I encounter. I'm grateful to have encountered people that are willing to assist me along this journey.

Opening up new ways within myself allows me ~~to open up the~~ ^{way} to help others find their own ^{way} and their own direction. I am grateful those that see the connections within me have helped to bring me to this realization.

Thank you

Oh my God. My reading was amazing. They spoke directly to my heart and soul. They calmed my fears around my core issues and helped me remember the Truth of what and who I really am. They calmed ~~my~~ ^{the} doubts about myself and I feel that ~~that~~ they ~~I~~ helped me strengthen my connection to God and the all-encompassing love.
